

Downloading Google Earth for PC Users

1. Make sure you are connected to the internet and go to:
<http://earth.google.com/index.html>

The screenshot shows a Mozilla Firefox browser window displaying the Google Earth website. The address bar shows the URL <http://earth.google.com/index.html>. The page features the Google Earth logo, a navigation menu on the left, and a main content area with a globe image and a large blue button labeled "Download Google Earth 5". Below this, there are sections for "Google Earth Pro" and "Google Earth Enterprise Solutions".

Google Earth | Free

Google Earth lets you fly anywhere on Earth to view satellite imagery, maps, terrain, [3D buildings](#), from galaxies in outer space to the canyons of the ocean. You can explore rich geographical content, save your toured places, and share with others.
